News & Publications that make you want to Shout

October 2008 Newsletter: <http://Lighthouse-Missions.com>

It doesn't take a Prophet to see that there are increasing hard times ahead. Yet in the midst of this devouring storm, Christian provision stands true. Not a phoney manipulation of the Gospel to feed endless greed, rather there is sustaining daily bread and an abundance for every good work. For Believers who seek His Kingdom, the promise of His Rest still remains.

Revival at World Harvester Church

Eight weeks of World Harvester's Revival meetings in Caryville, Tennessee featured a "Kingdom" theme involving 7 different ministries. The ministry was amplified by the extraordinary freedom and giving spirit that culminated in the impartation of a greater anointing of Pastor Ned Asbury and "the staff of healing" which he carries to those who will receive.

Seminar: Ending Financial Lack

The last meetings of the Harvester Revival, September 26-28th, previewed the newly released book "Breaking Chains of Financial Lack" by Leonard Heatherly of Lighthouse Missions. Fundamental to this presentation is that Believers should not perish in financial struggle but live in the provision of the Kingdom on earth. The surprising revelation, "It's not about money," can put an end to financial lack and loose Believers into an abundance for every good work. The book is available free online.

Breaking Chains Workbook

A corresponding workbook is included with the online pre-release version of "Breaking Chains of Financial Lack." This includes a 7 day encounter with the Father, the ultimate Christian experience.

"There Be Demons" coming before Halloween

The latest book, "There Be Demons," is scheduled for release in October prior to the demonic holiday Halloween. It is good reading for any Believer, but it is particularly important for those who minister to families. Not knowing about demons is like stepping off a high building, thinking that there is no such thing as gravity. Find out how to walk among the demonic without being seen; check the web site for the release of this compelling book.

Greatest Healing / Evangelism Ministry in History

Lighthouse Mission's missionary ministry to the ancient Tribe of Maasai in Eastern Africa has birthed a humanitarian breakthrough that will provide a low cost cure to 300 million who are acutely ill with Malaria, and virtually eliminate the death toll of 3,000 children each day. A simple herbal preventative and cure is to be distributed free to the poor along with a Gospel, and both are to be maintained in a sustainable supply. Meetings with heads of State during October are planned to accelerate the implementation of demonstration farms.

A Dime's Difference

While traditional churches in the USA spend an average of \$30,000 on themselves for every new Believer that they bring into the Kingdom, a \$20 donation here will quickly bring the cure to 10 who are ill with Malaria, and ultimately bring 200 new Salvations (one dime each). Believing "Directed Giving" is the currency of the Kingdom, contributions in any amount are needed and appreciated.
